

field\_types\_mod::initv2d

```
graph LR; A["field_types_mod::generic_field_class::initialize"] --> B["field_types_mod::initv2d"]
```

A diagram showing a call from the function `field_types_mod::generic_field_class::initialize` to the function `field_types_mod::initv2d`. The call is represented by a blue arrow pointing from the right box to the left box. The left box is shaded gray, and the right box is white.

field\_types\_mod::generic  
\_field\_class::initialize
